Wednesday June 1st and Thursday June 2nd
Gravel Pit Road to Midway Road

Friday June 3rd and Monday June 6th
Midway Road to Route 419

THESE DATES MAY CHANGE DUE TO WEATHER

Old Route 22 is scheduled to be reconstructed using the cold in place recycling process on the sections and dates listed above. Our crew will work from 7:00 AM to 6:00 PM. During the course of construction, we ask that special attention be placed towards our crews safety.

We will restrict one lane of traffic and have a pilot car lead vehicles through the construction zone. You will be able to access your residence and business at all times.

This is not the completed process; another 2 inches of hot mix asphalt will be placed on the recycled base course within two to three weeks.

Thank you for your anticipated cooperation
