RESOLUTION 2021-

A RESOLUTION OF THE BOARD OF SUPERVISORS OF BETHEL TOWNSHIP, BERKS COUNTY, PENNSYLVANIA, ESTABLISHING A REVISED SCHEDULE OF FEES FOR THE REVIEW OF SUBDIVISION AND LAND DEVELOPMENT PLANS

Pursuant to Section 503(1) of the Pennsylvania Municipalities Planning Code, as amended, Section 8.04 of the Bethel Township Subdivision and Land Development Ordinance of 2006, as amended (the Ordinance), and the Bethel Township Stormwater Management Ordinance 2015-02, the Board of Supervisors of Bethel Township, Berks County, Pennsylvania, does hereby adopt, by this Resolution, a schedule of fees to be paid by developers for the review of plans for subdivisions and land developments within Bethel Township.

DETERMINATION OF REVIEW FEES

The review fees to be paid by the developer shall include the charges by the Township’s professional consultants (including attorneys, zoning officers and engineers), at a rate not exceeding the rate or cost charged to the municipality when fees are not reimbursed or otherwise imposed on applicants, for reviewing each plan, plus a administrative fee to the Township of ten percent (10%) of the total amount of fees charged by the consultants and engineers.

The amounts set forth below are basic fees which must be deposited with the Township at the time of submission of a subdivision and/or land development plan or a stormwater management plan for review. If the amount deposited is less than the total amount of actual costs charged by the Township’s professional consultants (including attorneys, zoning officers and engineers) to review and report on the plan, plus the Township’s administrative fee, the developer shall pay the difference to the Township before final action on the plan is taken by the Board of Supervisors. In the event that the balance of the escrow account drops below 25% of the total amount of the required review fees established by the Township Supervisors herein above, or as subsequently amended, then upon written notice to the Applicant, Applicant shall within ten (10) days of such notice remit such additional amount required to pay in full all outstanding balance owed in connection with the review of the plan and to restore the balance to the original amount required by the then applicable fee resolution. Failure to pay any outstanding balance and/or failure to restore the balance of the review fee to the original amount established by the Township may result in the rejection of Subdivision and Land Development Plan or a Stormwater Management Plan in accordance with the Pennsylvania Municipalities Code.

If the total amount deposited exceeds the total costs charged by the Township’s professional consultants (including attorneys, zoning officers and engineers), plus the Township’s administrative fee, the difference will be refunded to the developer by the Township, without interest, within one month following release of an approved plan for recording and receiving all bills associated with plan.

A developer shall be required to pay the fee charged by the Berks County Planning Commission to cover its costs for reviewing a proposed subdivision and/or land development plan. This fee shall be paid to the Township, together with the Township review fees, at the time of submission of each plan which must be submitted to the
BETHEL TOWNSHIP  BASIC FEES

Residential and Agricultural (excluding intensive agricultural which shall be considered commercial for fee purposes), based upon number of lots/units:

Digital copies of plans and reports can also be submitted to Township Engineer (dropbox for larger files). Township still requires hard copies.

I verify, subject to criminal penalties for unsworn falsification to Authorities, that the above information is True and Correct. I further verify that I am the owner or one of the owners of the property proposed to be subdivided and/or developed and have full authority to act on behalf of all other owners if any. I understand that I am personally liable to the Township for all costs, legal fees, and any other liability or expense for any error or misstatement of fact in this application. I further authorize the Township to proceed with this application in accordance with the Bethel Township Zoning and Subdivision and Land Development ordinances as well as all other applicable laws and ordinances. I further agree that I am liable for all unpaid review fees, required deposits, and all other expenses of the Township associated with this application.

**FEE SCHEDULE FOR REVIEWS**

The following fees will be charged by the Berks County Planning Commission for subdivision and land development reviews as authorized by the Pennsylvania Municipalities Planning Code, Act 247, as amended. These fees are effective July 1, 2018. All fees are to be submitted to the Berks County Planning Commission through the appropriate township, borough, or city at the time of application. Plans will not be accepted for review by the County without the appropriate fee, County Referral Application (signed by the appropriate municipal official) and the required number of plans. Check or money order (no cash) should be made payable to the County of Berks. Fees are not refundable unless the BCPC fails on its own part.

The terms “lots” includes conveyances, tracts or parcels of land for the purpose, whether immediate or future, of lease, transfer of ownership or building or development, as well as residue parcels, annexations, or correction of lot lines.
The term land development includes any of the following activities:

1. The improvement of one lot or two or more contiguous lots, tracts or parcels of land for any purpose involving:
   a. a group of two or more residential or non-residential buildings, whether proposed initially or cumulatively, or a single non-residential building on a lot or lots regardless of the number of occupants or tenure; or
   b. the division or allocation of land or space, whether initially or cumulatively, between or among two or more existing or prospective occupants by means of, or for the purpose of streets, common areas, leaseholds, condominiums, building groups or other features.

2. A subdivision of land.

   Typical examples are: office buildings housing different businesses, apartments, mobile home parks, shopping malls, hotels and additions to commercial, industrial and public buildings.

**TIME LIMITATIONS:** The BCPC will accept the application when all necessary information and fees have been supplied and at that time the review time-clock will start. Any proposal which does not contain the appropriate information and/or fee will not be processed through the Commission. In such cases, the municipality and applicant will be informed of any additional information or fees necessary. The review time-clock will not begin until the necessary information or correct fee is received. If a check is refused by the bank due to insufficient funds the review time clock will stop as of the day such notice is received and the applicant and municipality will be so notified. The time-clock will not re-start until this Commission has received the required fee.

**MEETING WITH STAFF:** Meetings with the staff of the Berks County Planning Commission to discuss proposals either prior to or during the formal review period are encouraged and shall be free of charge. Appointments can be made by calling (610) 478-6300.

**SCHEDULE I FEES** are based on the number of lots or units. All land uses are included: residential, commercial, industrial, public, quasi-public and other. Therefore, an industrial park subdivision prior to development of individual lots is subject to Schedule I. The same would be true of a commercial lot subdivision or selling of land for a church or school. Schedule I fees also cover residential land development such as an apartment complex, condominiums, rental townhouses and mobile home parks. Where there is a mix of lots and rental units the totals are added together to determine the fee.

**SCHEDULE II FEES** are based on the amount of land to be disturbed for development including buildings, access drives, streets, stormwater management, grading, public sewer and water service, erosion and sediment control landscaping and any other activity that disturbs the ground on the site. The total disturbed area of a project is most accurately calculated by a planimeter following all outlines of disturbed areas. Where combinations of subdivision and non-residential development are proposed on a plan the fees must be determined separately and added together.

**PRD – PLANNED RESIDENTIAL DEVELOPMENT** Fees will be based on the number of residential units and the amount of disturbed area for the non-residential uses. In cases where a building is used as a mixed use (commercial units on lower level(s) with residential units above) the fee will be based on the amount of disturbed area associated with that building (Schedule II Fees).

**REPEAT STAGE** If a subdivision/land development with significant plan revisions is presented to the Berks County Planning Commission for a second review, the fees for the second review will be based on the extent of changes made to the project. Significant revisions are those that impact the scope and concept of a project that include street and lot layout, number of buildings and locations, stormwater/grading land use and intensity, traffic issues and environmental issues. If site revisions are based upon recommendations made in the initial project review by the Berks County Planning Commission, the fees may be waived. Meeting with staff prior to resubmission of the revised plans for the Berks County Planning Commission’s review is recommended to establish the required fee for plan submission.
