ORDINANCE IS ALSO AVIALABLE ONLINE @ www.betheltwp.org Under the Zoning/Building tab in the top ribbon.

Zoning Permit Applications may be obtained at the Township Office or on the Township website, right column under Forms or under the Zoning/Building tab. Completed applications must be signed and returned to the Township Office, 60 Klahr Rd, Bethel, PA 19507.

The application will be reviewed and the Applicant will be contacted if any additional information is required. You will then be mailed either the approved Zoning Permit or the denial of the Zoning Permit Application. The Zoning Ordinance requires that this be done within 90 days of receipt of a completed Application, although Permits are usually reviewed and issued promptly. Permits may be picked up at the Township Office, at which time you will be expected to pay the required fee by check made payable to **Bethel Township**.

Permits will not be issued if delinquencies are determined for taxes, water, sewer and/or refuse collection.

IMPORTANT - Earthmoving activity, in accordance with Pennsylvania laws, requires an Erosion & Sedimentation Control Plan. Owner/Applicant is responsible for contacting the Berks County Conservation District (610-372-4657) to obtain any and all necessary approvals prior to any earthmoving activity. Pennsylvania law requires that when a Sewage Permit is required, it must be obtained prior to the issuance of a Zoning Permit. Also, it is the Owner/Applicant responsibility to comply with all Worker's Compensation laws and requirements.

Demolition projects will require a zoning permit and may require DEP demolition permit (asbestos and lead base paints).
